Positioned just down the road from the local golf course is this 4-bedroom home set on a 721m2 block.

The main living area is open and is also air-conditioned.

The original garage has been transformed into a large 2nd living area or rumpus room perfect for the kids. The kitchen has an electric upright along with rangehood, good bench space and large fridge space. A large enclosed verandah catches the morning sun and is perfect for office space or to use as a 3rd living area. Outside both side and rear boundaries are fenced, there is timber lockup shed with power and large carport also.

Remains of old garden beds are perfect for someone who wants to grow their own veggies or would make great herb gardens. There are no neighbours to the rear as it is all farmland.
